

For the continued success of the Purdue University Center for Cancer Research's NCI Cancer Center Support Grant (CCSG, "Core Grant") and the American Cancer Society (ACS) Institutional Support Grant, it is essential that Center members acknowledge support from the Purdue University Center for Cancer Research in publications and seminar presentations. Suggestions for acknowledging the Center:

USING THE CENTER'S SHARED RESOURCES

The authors gratefully acknowledge the <insert shared resource name> and support from the Purdue University Center for Cancer Research, NIH grant P30 CA023168.

SUPPORT FROM THE CENTER'S DEVELOPMENTAL FUNDS

The authors acknowledge the support from the Purdue University Center for Cancer Research, NIH grant P30 CA023168

SUPPORT FROM THE CANCER CENTER ACS INSTITUTIONAL GRANT

American Cancer Society Institutional Research Grant (IRG #14-190-56) to the Purdue University Center for Cancer Research is gratefully acknowledged

SUPPORT FROM THE CENTER'S JIM AND DIANN ROBBERS CANCER RESEARCH GRANT

Support from the Purdue University Center for Cancer Research's Jim and Diann Robbers Cancer Research Grant for New Investigators Award is gratefully acknowledged.

SUPPORT FROM THE CENTER'S PILOT GRANTS PROGRAM

[Shared Resource small grant, Challenge Award, Innovative Pilot Projects Award, Phase I Concept Award, Phase II Mature Award]

Support from the Purdue University Center for Cancer Research Small Grants Program is gratefully acknowledged.

SUPPORT FROM CENTER'S ADMINISTERED SIRG GRANTS

<Insert student name> was supported by a SIRG grant administered through the Purdue University Center for Cancer Research.

SUPPORT FROM THE CENTER'S SUMMER UNDERGRADUATE RESEARCH PROGRAM

<Insert student name> was supported by the Purdue University Center for Cancer Research Summer Undergraduate Research Program funded by the Carroll County Cancer Association.

SUPPORT FROM THE CENTER'S SUMMER RESEARCH OPPORTUNITY PROGRAM (SROP) FOR UNDERGRADUATES FROM THE NCI'S CONTINUING UMBRELLA OF RESEARCH EXPERIENCES (CURE)

<Insert student name> was supported by a NCI Cancer Center Supplement for Undergraduate Student Research Experiences to the Purdue University Center for Cancer Research NCI CCSG P30 CA023168S1.
